DOUBLE-CROSS
LOVE-BOMB

**Study, science,
wisdom, knowledge.**

"How much better is it to get wisdom than gold." Proverbs 16:16.

TERRITORIAL IMPERATIVE, Robert Ardrey, Dell. This is a great book on animal territories and pair-bonding, with valuable lessons for humans.

DEFENSIBLE SPACE, Newman, Macmillan. Is about environmental psychology, architecture and town planning.

TRADING WITH THE ENEMY, Higham, Delacorte Press. Major U.S. corporations and the U.S. government – including FDR and Congress – helped finance Hitler, passing a “Trading With The Enemy Act” after Pearl Harbor..

MAINSTREAM MASS MEDIA: A small amount is good.

TALK RADIO. Partially good information.

REFERENCES, “FAR LEFT” AND “FAR RIGHT”. Use caution amid the rubble, and search for valuable information not available in the mainstream press. Type in a few “controversial” words on a search engine...

CREATE YOUR OWN MATERIALS AND PROGRAMS: If you are so inclined. You are in the image of God.

How to study:

FIND SOMETHING YOU ARE INTERESTED IN: Get informed on it.

ASK YOURSELF WHO CONTROLS THE MEDIA: Friend or foe, who are they, can you trust them? Support the ones you agree with most.

HOW MUCH STUDY? A minimum of one hour per day, as a way of life. And-or, study all the time, in everything you do, looking for better ways to do it.

What big money thinks of you

WALL STREET, Morgan banks: "Let the public be damned."

GENERAL MOTORS: "If it's good for General Motors, It's good for America."

PRINCE PHILLIP, British House of Windsor: "I wish I could be re-incarnated as a virus, to wipe out much of the world's population."

LENIN, a Marxist leader, in referring to the Russians: "I spit on Russia. Russia is only one step on the way to world revolution."

WALL STREET, in financing Hitler's rise to power:

"It's business as usual."

"We don't care who wins."

Reference: *Trading with the Enemy*, Charles Higham (Jewish author), Delacorte Press (a major publisher), available thru Barnes & Noble.

Companies involved: Ford Motor Co, General Motors, Rockefeller Standard Oil of New Jersey-now Exxon/Mobil, DuPont, ITT, most major banks...

One week after Pearl harbor, Congress itself got involved and passed a law, *Trading with the Enemy Act*, hence the title of the book, signed by FDR, allowing major American corporations to legally trade with the enemy during time of war -- war after all is good for the economy. The information is from US government files and is well referenced.

A MAJOR WALL STREET INSURANCE COMPANY:

Has had a huge picture in front of the president's door, a picture of a shark fin in a blue and red background. Translation: "You are shark bait."

WHAT BIG MONEY THINKS OF YOU, continued

THE KENNEDY FAMILY:

"If you're not a Kennedy, you're a zero."

Quoted from a book by a divorcee and ex-Kennedy, mother of two of their children, from a millionaire Philadelphia main-line family. She wrote that the Kennedy's repeatedly said this in regard to her.

PRINCE CHARLES TO PRINCESS DIANA:

"How dare you talk to me this way."

Diana had told Charles she was in line to be the future Queen of England, so could he show her a little respect. If he refused to show any respect for his wife and the mother of his children, what does he think of you?

PLATO:

"The masses are like prisoners in a dungeon, who only rarely get a glimmer of light. Therefore, the wealthy guardians of society must tell lies to the dungeon inmates (that's us)"... To make sure they keep us there!

Note: A major British newspaper is called *The Guardian*.

BRITISH UPPER CLASSES, The biggest Investors in the USA:

"Everything we have of value

Comes from (international) free trade and low wages."

Translation: "Your only value is cheap labor."

Wall Street's Fortune 500 companies, with much British influence, are leaving high wage USA for China, Indonesia, Mexico, etc, with prison labor, 30 percent child labor at 5 to 10 cents per hour, most adult wages of 25 cents to 35 cents per hour, maybe a dollar or two in Mexico...

WALL STREET, the BRITISH FINANCIAL DISTRICT, the mass media, and college economics professors tell us:

"War is good for the economy."

Translation: "You are cannon fodder."

WHAT BIG MONEY THINKS OF YOU, continued

MICHIARELLI, “patron saint” of Wall Street, wrote a book, *The Prince*, (paraphrase):

"The rich man must maintain a public image of great virtue, while privately lying, cheating and stealing, and creating great social mayhem, both against the general public, and in power struggles with other rich men."

Translation: "If you're not rich, you're a zero."
Machiavelli started out rich, and died in poverty.

ROCKEFELLER: “Let’s loot and plunder the USA.”

Reference: Kleon Skousen, high ranking retired FBI under J. Edgar Hoover, (and author of a Constitutional book, *5,000 Year Leap*):

Said at public political rallies in the 1990's, that it came to the attention of the FBI in the late 1970's, that the Rockefeller empire had decided to “loot and plunder the United States.” (Doesn't that sound like treason?)

A few years later we had the savings and loan scandal (\$500 billion), with massive increases in out-sourcing of jobs, massive increases in illegal immigration, looting and plundering of retirement programs, etc...

Translation: "If you're not an international wheeler-dealer, you're ripe for the picking."

LONDON AND WALL STREET'S VIEW OF CHINA:

“Cheap labor and a market for illegal drugs.”

In the 1800's, Wall Street imported Chinese coolies for cheap labor into the USA, and the British tried to force the Chinese to use opium, leading to war and the Boxer Rebellion. Has anything changed?

In 2002, on the front page, *The Wall Street Journal* referred to the large supply of Chinese workers as a “fifteen year supply” of cheap labor...

And LaRouche publications and other researchers claim the London-New York bankers are still laundering much of the drug money...

WHAT BIG MONEY THINKS OF YOU, continued

WALL STREET'S VIEW OF CHINA, MEXICO, AND INDONESIA:

"Cheap wages and a toxic waste dump."

Wealthy foreign investors have purchased nearly all of Mexico's Gulf of Mexico beach front. Mexicans are not allowed on private beaches, and the few public beaches do not even have out houses.

Housing projects for Mexican workers in U.S. owned factories in northern Mexico (Ford, General Motors, General Electric...) rarely have running water or electricity, and have open ditches instead of out houses. In Indonesia, Nike threatened to move its shoe factories if the workers got a pay raise from 27 cents to 29 cents per hour. In all these and other "third world" countries, there is massive dumping of toxic waste, and many police state dictators to enforce cheap labor...

FROM A DINNER PARTY FOR ROTHSCHILDS, ROCKEFELLERS, ASTORS, VANDERBILTS, INCLUDING NANCY REAGAN:

"Bow and curtsy when you serve us."

A Broadway actor worked as a food caterer to supplement his income, and once served the above. He reports they are arrogant, sit around and talk about little other than their investments, that they are very paranoid and have a lot of guards, and do not trust each other, and reports being unfavorably impressed by them.

FROM THE MASONIC LODGES TO THEIR MEMBERS:

"Keep your mouth shut, and do what you are told
(And we may throw a few crumbs off the table your way)."

If you're not a Mason, you don't count. Masonic Lodges have many rich powerful members, and are often involved in conspiracy theories. Masons helped bring communism to power in Eastern Europe, after which Stalin rounded them up and had them shot. What goes around, comes around.

WHICH RELIGION IS TRUE?

The Old Testament says "Come now, let us reason together.
If the Lord be God, serve him. If Baal be God, serve him."

A WEALTH AND LONGEVITY TEST: Enthusiastic followers of major religions -- Christians, Jews, Moslems -- have been found to make more money, live longer, and pass more wealth to their children... Mormons and Seventh Day Adventists have been studied separately, and have some of the best health statistics...

AN "OVER 100 YEARS" TEST: People who live 100 years and more tend to have their own gardens, and eat a lot of fruit and vegetables. In the book of Genesis, we are told to 'tend the garden'.

A "NO ALCOHOL, SMOKING, OR DRUGS" TEST: Alcoholism, smoking and drugs damage health. Alcohol in moderation has been more controversial, with some studies suggesting zero, and others suggesting up to one or two drinks per day, with no binge drinking. According to the latest scientific findings, alcohol in any quantity goes to abuse centers of the brain, and damages common sense and spatial centers of the brain. Conservative Christians have historically taken the strongest stand against alcohol, smoking and drugs...

A WEALTH TEST: Episcopalians and Jews rank highest in the USA.

AN I.Q. TEST: Episcopalians do best, closely followed by Jews.

THE WORST HEALTH STATISTICS: The 'beer and sex' anti-religion involves a lot of abuse, crime, and poor health, although in the early stages, beer provides more calories to muscles, and fewer to the brain. Sugar, alcoholism, illegal drugs, and homosexual behavior have all been associated with the worst health statistics.

AN AIDS VIRUS TEST: Hollywood and the humanist religion have promoted 'free sex' which is killing tens of millions of people worldwide, and will soon surpass all of World War II. Condoms are very unreliable according to a recent CDC report, and also a *New Republic* article, 5-27-2002. (Abstinence outside marriage works best by far, according to this usually 'liberal' publication.) Conservative Christians and other conservative religions have taken the strongest stand against promiscuous sex.

WHICH RELIGION IS TRUE? (continued)

THE PRAYER TEST: Over a dozen university studies in hospitals, including Duke and UCLA, have shown that people who are prayed for get well at a measurably faster rate, even when those involved are not informed of the experiment. Some researchers have said, "This is impossible", and have done another study with the same result.

A SEXUAL FERTILITY TEST: In one sex fertility clinic, half the patients were prayed for, and half weren't, unknown to the participants. The women who were prayed for got pregnant at twice the rate of the others (allegedly, with some controversy).

NATIONALISM TEST: Most religions, including Protestant, Catholic, Russian Orthodox, Jewish, Shinto, and Hindu have historically been nationalistic. Some Protestant denominations more recently, perhaps due to media influence and outside infiltrators, have become more internationalist at their headquarters level.

THE TELEVISION TEST: Recent Associated Press articles have said that watching television may be the leading cause of Alzheimer's, at 2.5 times the next nearest cause. Television is so passive, the brain does not make adequate connections... A recent *Scientific American* article said television was addictive, especially programs with high speed scene changes... A *People's Magazine* article said Hollywood media was started by the mafia with bootleg whiskey money in the 1920's, and the mafia influence has continued... A *TV Guide* article said at one time three of the four major studio directors had the AIDS virus, and they had required most of the people they hired 'to sleep with them' first. Christians, Moslems, Hindus, Shintos, secular European media, and public television have set up competing programs. (Unfortunately, the public has often preferred what the mafia puts out.)

THE POPULAR MUSIC TEST: Most popular music -- rock, rap, even country -- by allegedly conspiratorial design of certain international bankers, has been deliberately pro-free sex, anti-family, anti-middle class, anti-nationalism, pro-alcohol and pro-drugs. The ones who have done the most to challenge this are gospel music, mostly black spirituals, and Christian rock and Christian contemporary music.

Numerology, Biblical and otherwise:

IN THE BIBLE: Most people are aware of the emphasis on “seven” and “twelve” in the Bible, with similar emphasis in Judaism, Christianity, Islam, and Hinduism...

OTHER SYSTEMS: Some ancient Greeks had an eight day week, and Buddhism also emphasizes the number eight, as do some Asian societies with an octagon...

PAGAN BABYLONIAN KABBALAH: Is very elaborate, is based on the seven “magic squares” (3x3, 4x4, 5x5, 6x6, 7x7, 8x8, 9x9) in which rows, columns, and diagonals all add up to the same number. A few of the most important numbers: 1938, 26, 74, and multiples of 11 and 111....

KING JAMES VERSION OF THE BIBLE: Is loaded with Kabbalah numerology. A few samples:

SONG OF SOLOMON: The first seven chapters have 2298 words. The eighth chapter has 360 words (as in 360 degrees in a circle). 2298 minus 360 equals **1938!** The highest holy number in the Kabbalah.

In the first seven chapters of Song of Solomon, the number of verses are 17, 17, 11, 16, 16, 13, 13. Add each pair ($1 + 7 = 8...$) gives 8, 8, 2, 7, 7, 4, 4, or 88 squared equals 7744, the only number where a multiple of 11 squared equals other multiples of 11.

There are 66 books in the Bible, a multiple of 11. Keep counting again, with Genesis as book 67. Song of Solomon is book 88. If you keep counting around and around 117 times – there are 117 verses in Song of Solomon – and stop at Song of Solomon, then Song of Solomon is book 7744.

SHAKESPEARE (SIR FRANCIS BACON?) IN THE BIBLE: Psalms 46, with 46 words from the front, gives “shake”. With 46 words from the end of the chapter (ignore “Selah” which means trumpet sound) gives “spear”. Shakespeare.

HIDDEN MESSAGES IN THE BIBLE: Two books on the subject are the “Bible Code” series. The Jewish author discovered that every 50th letter in the Torah, the first five books of the Bible, spells out “Torah” in Hebrew. Intrigued, he started a computer search, and at levels far beyond what any humans could do in ancient times, has allegedly discovered an almost infinite number of hidden messages...

What does this mean?

Theory and practice...

MINIMUM THEORY: Humans seem to have a craving for a certain “Level of Complexity”. For example, in buying furniture, people may like extra curves and decorations thrown in, which add nothing to the function of the furniture, but satisfy some sense of esthetics.

In the same way, poetry and music can be used to add a little “decorative complexity” to speech, to make the message entertaining.

In a similar manner, numerology can be thought of as adding a form of decorative poetry, a numerical and often hidden poetry, to a set of writings, but something that the subconscious may be aware of.

...for this book:

A SIMPLE COMBINATION OF SEVERAL SYSTEMS: The author views the numerology as a form of decorative poetry, and throws a little in from several sources, including ones he has made up:

FROM THE KABBALAH: Numbers such as 1938, 26, and 74, which often represent God... Numbers in the Kabbalah do not seem to get any special emphasis in nature.

SQUARES: These can represent basics, morals, good foundation: 1, 4, 9, 16, 25, 36, 49, 64, 81, 100, $11 \times 11 = 121$, $12 \times 12 = 144$, $13 \times 13 = 169$, $14 \times 14 = 196$, $15 \times 15 = 225$, $16 \times 16 = 256$...

CUBES: In the Bible, heaven is a cube, so cubic numbers can carry symbolic “heavenly” connotations for poetic purposes: 1, $2 \times 2 \times 2 = 8$, $3 \times 3 \times 3 = 27$, $4 \times 4 \times 4 = 64$, $5 \times 5 \times 5 = 125$, $6 \times 6 \times 6 = 216$, $7 \times 7 \times 7 = 343$, $8 \times 8 \times 8 = 512$, $9 \times 9 \times 9 = 729$, $10 \times 10 \times 10 = 1000$, $11 \times 11 \times 11 = 1331$, $12 \times 12 \times 12 = 1728$, $13 \times 13 \times 13 = 2197$...

FIBONACCI NUMBERS: These get a lot of use in nature and music: 1, 1, 2, 3, 5, 8, 13, 21, 34, 55, 89, 144, 233... Pineapples have 8x13 spirals, sunflowers may have up to 144x233 spirals, pianos have 13 notes in an octave...

PRIME NUMBERS: These are not deliberately emphasized in this book, but show a system that could be used: 1, 2, 3, 5, 7, 11, 13, 17, 19, 23, 29, 31, 37, 41, 43, 47, 53, 59, 61, 67... Supposedly, these numbers follow a shock wave pattern that is found in nature.

ACROSTICS: Words where letters stand for other words: Several Psalms are acrostics. In the Hebrew version of Psalm 119, each group of eight verses is preceded by 'Aleph', 'Beth', etc., and the stanzas each begin with that particular letter.

KOZ-MIC-TEM-PLER,

ACROSTICS:

KOZ: Krist Over All. (Christ may also be spelled with a "K".) KO also = "duality" in ancient Sanskrit, a root language. So KOZ also = Duality (like a magnet) over All.

MIC: Members and Individuals in Community.

TEM: Time, Energy, Mass. The Temple's High Energy Music.

PLER: People, Prayer, Love, Energy, Religion, all contained in the acrostic for "TEMPLER."

POETIC NUMEROLOGY:

13 letters: like a piano octave.

KOZ: If A=1, B=2, C=3... KOZ = 11 + 15 + 26 = 52, double the 26 for God.

MIC: = 13 + 9 + 3 = 25, a "square" number, and the word "square" can mean "moral".

IF WE MULTIPLY THESE TWO: 52 x 25 = 1300, or ten squared times a piano octave, or a highly moral music system is encoded in "KOZ-MIC".

TEM: = 20 + 5 + 13 = 38, part of the divine "1938".

PLER: = 16 + 12 + 5 + 18 = 51. If we multiply this 51 times the 38 above = 1938, the number of God. The TEM-PLER is full of God.

IF WE MULTIPLE THESE NUMBERS IN "PLER": 16 X 12 X 5 X 18 = 17280, or ten x 12 cubed = 10x12x12x12=17280, with the Bible saying heaven is a cube with 12 gates to heaven, so 12x12x12= 1728 can be considered a heavenly cube.

THE POETIC MESSAGES IN THESE NUMBERS INCLUDE: Krist over all, duality over all, divine music in heaven on earth, members and individuals in community, many higher dimensions of heaven on earth and heaven in the temple...

God is in the KOZ-MIC- TEM-PLER.

Chris-tian, or Kris-tian

POETIC NUMEROLOGY:

GOD: = 7+ (0) + 4 = 74, a Kabbalah number for God, surrounds a circle, representing all existence. Translation: God surrounds everything.

GOD: = 7+ 15 + 4 = 26, another Kabbalah number for God. The numerology spells "God" two ways.

CHRIST: = 3 + 8+ 18 + 9 + 19 + 20. These numbers can combine into "1938" several different ways:

1. 19 + 3 + 8 = 1938, with 18 + 9 + 20 = 47 left over. 47 is 74 backwards. Both 74 and 1938 are numbers for God. Translation: Christ is God (1938 and 74) going forwards or backwards.
2. 19 + 20 + 18 = 1938, with 3 + 8 + 9 = 20 left over. In numerology, zeros can drop out if helpful. So Christ is God, with 20 = 2 left over, and symbolic for "second form of God", or "Son of God". Translation: Christ is God and Son of God.

KRIST: The numbers and explanation are about the same as the second item above. In numerology, "Ch = 11" and "K = 11", so Christ and Krist are often interchangeable.

CHRIS-TIAN, KRIS-TIAN: = 1938 + 20+ 9 +1 +14 for both cases = 1938 + 44. The 4 and 4 can symbolize a square in two directions, or a cube. The cube can be symbolic of heaven. Translations: Christ-Krist is God in heaven; Chris-tians, Kris-tians live in heavenly dimensions.

ACROSTICS:

C = Christ, community, cooperation

H = Health

R = Religion

I = Individual

S = Salvation, society

T = Temple, tribe

I = Individual

A = Action

N = National

K = Krist, knowledge, duality

R = Religion

A = Action

N = National

**DOUBLE-CROSS
LOVE-BOMB**

AUTHOR: John M. Williams. Has a B.S. in Mathematics, seven years of college, has taught in a public school, owned rental property, which he regards as a sociological laboratory, is interested in health food, is a life-time student, and seeks common sense information for both his own benefit and the benefit of others. He follows his intuition, and believes in inspiration from a Great Creator.

SYMBOL: DOUBLE-CROSS LOVE BOMB: "God is Love." God is also like an explosion, from which heaven and earth are blown away, so a person could say that "God is a Love-Bomb." The double circles represent the shock waves of an explosion, and the double crosses have religious and historical meanings – God, Christ, health, family, duality, emotion, logic...

WHY WRITE A RELIGIOUS BOOK? Written beliefs have a huge impact on behavior. The author found it useful to write what he believes for his own benefit and for the benefit of others.

WHO THE BOOK IS FOR: Anyone with good intentions. People familiar with Judaism, Christianity and science will find a lot in common.

BASIC THEME: OPTIMUM LIVING: Citizens are potentially in the image of God, and capable of higher dimensions, and this book seeks to help us on our way.

BIGGEST LESSON: HEALTH FOOD: It rivals religion, culture, race, and wealth as a promoter of success in everyday situations, and even finding a gateway to higher dimensions.

CAUTION: BEWARE ALCOHOL, SMOKING, DRUGS AND JUNK FOOD: These have plagued human "civilization" for thousands of years, with war, crime, pollution, swindles, and damage to the gene pool. It is common sense to avoid these.

BASIC PATTERNS IN THE BOOK: A poster style of writing. A three level pyramid from the Bible (God, righteousness, material), overlaid with thirteen levels. A combination of religious and secular references. Name games. Geometric-mathematics in nature...

A RETURN TO ANCIENT FAMILIES-CLANS-TRIBES-NATIONS: This is the ancient way of social organizing world-wide. This pattern broke down when people moved to cities, which have always been misdirected by alcohol. Remove the alcohol, and family-clans return.

A VISION OF THE FUTURE: WORLD-WIDE TEMPLE COMMUNITIES: Similar to the family-clan-tribe-nation pattern, temple communities have been found since ancient times: organizing in cities around temples (instead of alcohol), "bottom-up" first, and "top-down" later.

ACTION-SLOGANS: "Seek and you will find," "Eat health food," "Healthy people make a healthy society," "You are in the image of God," "You are The Blast of a Love-Love Bomb From Heaven Forever," "Get wisdom, get knowledge," which are multiple themes throughout the book.

NOTE: There is a free version of this book on the internet at "templesofgod.net".
